THE OP LITE IS PERFECT FOR A SMALL SUV OR JEEP**

## OFF-ROAD READY

Featuring the same beefed-up independent suspension system the OPUS OFF-ROAD brand is known for, the OP LITE has been engineered to go anywhere your 4WD vehicle can go. An articulating hitch sits at the end of a galvanized steel chassis to tackle the roughest roads with ease. Underneath there are twin shock absorbers and trailing arm independent suspension for each wheel. The articulating hitch partnered with the suspension system makes the OP LITE an incredibly versatile trailer. The hitch rotates a full 360 degrees so your tow vehicle can be angled in any direction without damage.

## BRING YOUR GEAR

A true Overlanding companion, the OP LITE is designed to sustain you off-grid for up to 2 days. For more time off-grid the OP LITE comes fitted with a solar panel port giving you the option to easily add a ZAMP 140 WHT solar panel. With large exterior storage compartments and a full-width rear storage with access points, the OP LITE has plenty of storage space for your off-grid trip.

## SLIDE-OUT KITCHEN

The OP LITE features our signature outdoor slide-out stainless steel kitchen to make sure you don't miss a moment of fun whilst you're cooking up a delicious meal after a hard day of adventuring! A full kitchen experience comes in the form of a large external 12 V fridge, stainless steel slide-out 4 burner stove with stainless steel chopping board, wind guards, sink, pantry access & cutlery drawer that are all in arms reach.

## AIR INFLATION TECHNOLOGY

Our patented AIR Tent technology provides the capability to achieve 8 foot ceilings and large operable windows for optimal ventilation and uninterrupted views so you never feel cramped or crowded in your tent. The AIR inflation system runs off the 12v electric air compressor installed in your OP LITE and is connected to your control panel so that you can inflate it at the touch of a button.

## AIR ANNEX OPTION

The OP Lite inflatable AIR Annex provides a fully enclosed extra living area that covers your kitchen area from the elements. It connects directly to your AIR tent & inflates at the touch of a button. Provides dual functionality as all the walls can be zipped open for use as a Sun Awning, it can also be fully enclosed.

**DESIGNED FOR COMPACT LOW PROFILE TOWING  
TO TAKE YOU ANYWHERE YOUR 4WD VEHICLE CAN**
